

Waste Education Support for Secondary Schools

Reduce Reuse Recycle

- Would you like to reduce waste and recycle more?
- Are you planning a science day or sustainability day for the 2017/18 year?
- Does your school have an active or new Green Team?

Contact us now

To book workshops, audits and assemblies to support both school waste reduction projects and curriculum work in geography, citizenship, science and design and technology, please contact one of the team overleaf.

Our flexible programme can be tailored to suit your school. Waste audits last between a half and a whole day and are run with a single group; other workshops last about 1 hour to fit in with your school timetable.

Impact Days

Our team of experienced waste educators will take the stress out of running off-timetable days, often known as Deep Learning or Challenge Days. Our dynamic **Impact Days** allow a large number of students to explore a range of issues surrounding sustainability and waste.

Workshops

- Energy from Waste
- Eco Game
- Sustainable Packaging
- Litter in the Environment
- Recycling at Home Game
- Dying for a New Phone
- Really Rubbish Quiz
- Recycling Audit
- Packed Lunch Waste Audit
- Waste Audit

Your Waste Education Officer

For further details or to make a booking for the Waste Education Programme, please contact:

If your school is in Teignbridge, Torridge or Exeter:

Demelza Annison

demelza.annison@resourcefutures.co.uk

07827 932269

If your school is in West Devon, Torbay, South Hams, or Plymouth:

Alex Mack

alex.mack@resourcefutures.co.uk

07944 791971

If your school is in Mid Devon, North Devon or East Devon:

Sally Jackson

sally.jackson@resourcefutures.co.uk

07903 037462

The cost of workshops to Devon schools (excluding Torbay and Plymouth) is £65 + VAT per day. During a day's visit we can deliver up to three workshops, plus an assembly if required. Terms and conditions apply. Please contact your Waste Education Officer for details.

Resource Futures have been delivering the Waste Education Programme in Devon since September 2008. In the 2016/17 school year 100% of Devon teachers rated our assemblies and workshops as 'good' or 'excellent'. Typical comments are:

"Sally has helped us increase our recycling rate in just 6 months from 12% to 63%. Our school couldn't have achieved this without the help of Resource Futures." Clyst Vale Community College

"A fantastic day. All students were fully engaged and enjoyed all sessions. Workshops were very relevant to our course and pitched at an appropriate level." Exeter College

The **Devon Schools Sustainability Bulletin** is emailed every half term with information on free resources, funding opportunities and training.
