

Devon School Library Service and Recycle Devon

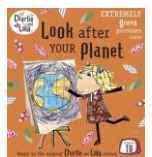

The School Library Service has joined forces with Recycle Devon to promote each other's services in Devon schools.

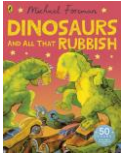

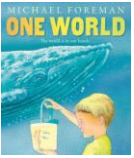

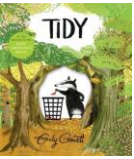

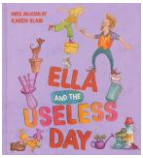

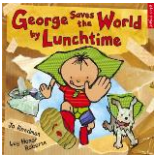

The Waste Educators at Devon Waste Education have been running workshops about waste in schools for nearly 20 years and are our local experts on recycling, resource management and sustainability. You can book one of their free, fun and interactive workshops here: <https://zone.recycledevon.org/workshops>

They also have a website packed full of free resources for you to use to help teach waste and sustainability to your students, so check out the other sections of the Zone website for activities, worksheets and lesson plans for all age groups – all curriculum linked and developed by trained teachers: <https://zone.recycledevon.org/teaching-resources-2/>

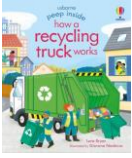

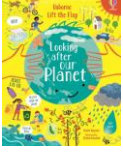

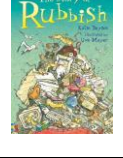

Please see below an up-to-date list of books recommended by Devon SLS and Recycle Devon for use in your schools.

- The books on this list can be purchased from the School Library Service
- Individual titles can be purchased at a saving of 25% off RRP
- Please contact us at schoollibraryservice@devon.gov.uk or 01392 287244
